Faculty of Medicine

Friday, 04 September 2015 WIB

UGM's School of Medicine is one of the oldest medical schools in Indonesia, established on March 5, 1946. In 2012 it is ranked 21st in Asia for life science and medicine by the QS World University Rankings. The medical school offers undergraduate program, specialist education program (PPDS), graduate program, and doctorate program under which 24 departments are grouped.
