Faculty of Psychology

Tuesday, 18 January 2011 WIB

The origins of the Faculty of Psychology Universitas Gadjah Mada was the major of Psychology of Faculty of Educational Science, which was established on the academic year of 1958/1959.

Based on the Collective Pronouncement of PTIP and the Minister of PDK, dated May 6th 1964 No. 34 year 1964, the Faculty of Educational Science GMU was united with IKIP Yogyakarta. Thus, the major of Psychology in FES UGM was separated and remained in UGM to become the Psychology Division which was directly lead by the UGM Rector.

Afterwards on June 8th 1985, the Pronouncement Letter of the President of the Republic of Indonesia officially determined that the Division of Psychology UGM as the Faculty of Psychology Universitas Gadjah Mada beginning from December 29th 1964. Hence, January 8th 1965 it has been determined as the official anniversary of the Faculty of Psychology UGM.

The Faculty of Psychology GMU has one study program which is Psychology containing 6 (six) Divisions that have the duty to accomplish the Tri Dharma Principles of Teaching the Higher Academic Institutions, Researches and Community Services.
