The Faculty of Geography Universitas Gadjah Mada, notably the Department of Environmental Geography has been working for a long time on environmental issues. Ultimately, in 2009, the Faculty joins the Consortium of Center for Natural Resources Development (CNRD) connecting fourteen universities worldwide by promoting academic exchange and cooperation in the field of natural resource management, particularly with regards to water, land, ecosystems, and renewable energy.

In order to highlight the topic of environmental resource management in global region and to have broadened perspectives on this subject, the Faculty will organize "The International Conference on Environmental Resources Management in Global Region (ICERM 2017)".

The conference will address the following topics as they relate to the Environmental Resources Management:

1) Water & Waste Management
2) Land Degradation
3) Efficient Urban Resources
4) Disaster Risk Reduction
5) Geomaritime
6) Urban Climate & Energy Management
